## Expert guidance for MRI procedures in pediatric cardiology

We are pleased to invite you to our MRI Lunch Symposium to provide a forum to share most recent advances in procedures, equipment and software use. The meeting offers valuable insights for existing and new users of MRI guidance in (pediatric) cardiology and will take place parallel to the AEPC Conference.

**Topics that will be covered include:** ▶ clinical procedures in CHD, current and future ▶ Available instruments and hardware for MRI guidance ▶ How to set up MRI guidance in your centre

**The general objectives of the workshop are:** ▶ Obtain clinical perspective of MRI guidance in pediatric cardiology ▶ Get guidance from experts in starting-up procedures ▶ Built connections between existing and new users

### Agenda

**12:30** Check-in/Registration

**12:40** Introduction

**Prof. Paul J.A. Borm**

**12:45** MRI Guidance - A brief history and perspective

**Prof. F. Gerald Greil**

**13:00** Interventional CMR-recent advances in CHD

**Dr. Suren Reddy** - MD, FSCAI, UT Southwestern/  
Children's Medical Centre, Dallas, Texas
