Life Science Meeting

Medical Imaging: Latest developments and trends

What progress has been made in the field of medical imaging in the recent past? In this webinar, LifeScienceNet Düsseldorf and BioRiver – Life Science im Rheinland e. V. provide you with a focused insight into the future of medical imaging.

Get expert knowledge about the latest developments of MRI in endovascular interventions and AI in medical imaging from **Nano4Imaging GmbH** and the Department Artificial Intelligence in Biomedical Engineering at **Friedrich-Alexander-Universität Erlangen-Nürnberg**.

Program and experts:

1 Welcoming speech

Dr. Thomas Heck, Life Science Center Düsseldorf

2 Why are you not using MRI for your endovascular interventions?

Prof. Paul J.A. Borm, Co-Founder and CTO, Nano4Imaging GmbH, Düsseldorf, formerly HHU, Institute for Toxicology at the Medical Faculty

3 Successful applications of artificial intelligence in medical imaging

Prof. Dr. Bernhard Kainz, Institute for Image Data Exploration and Analysis in the Department Artificial Intelligence in Biomedical Engineering, Friedrich-Alexander-Universität Erlangen-Nürnberg

Organizer:

LifeScienceNet Düsseldorf, c/o Life Science Center Düsseldorf,
Merowingerplatz 1 a, 40225 Düsseldorf, info@lifescience-dus.de,
www.lifescience-dus.de

Registration online until May 11th 2022:
